Matrix Reimprinting

14th & 15th April 2011

Don't miss your opportunity to be trained in this exciting new meridian energy technique. Aimed at EFT practitioners and those already trained and experienced in using EFT, the course takes you on your first step to becoming a Matrix Reimprinting practitioner and is fully certificated by Karl Dawson creator of Matrix Reimprinting.

The workshop will be run by advanced EFT practitioner and trainer Sharon King, creator of the Matrix Birth Reimprinting and Matrix Life Purpose techniques and one of the first people in the world certificated to train this revolutionary new technique.

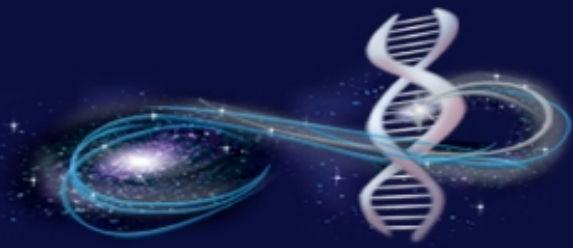

Over the two days we will look at the new biology and quantum fields research and see how we can use EFT to even greater effect to resolve traumas and images of the past. These images keep us locked in behaviour patterns that hold us back in our current lives. When we change and reimplant the images we are no longer frozen in that moment in time and so are free to let go of the past and all the negative emotions that are associated.

The Matrix Reimprinting Technique is:

- Very easy to use and gentle on clients
- Quickly finds core issues, related trauma and beliefs
- Locates pre-conscious trauma (pre 6 years) often beyond clients awareness and conscious memory
- Allows client driven reframes and cognitive shifts thus preventing therapist projection
- Locates Psychological reversal, secondary gains etc
- Fills the EFT void, creates positive beliefs
- Works on dissociated clients with no SUDS levels
- Successful with non visual clients or who have difficulty with imagination
- Allows forgiveness and wisdom to be gained from past events
- Sends a message to the body/cells/DNA the trauma is over
- Resources the client and rewrites the past

Step two to becoming a certified Matrix Reimprinting practitioner is to complete 12 week webinar process run by the fabulous Sasha Allenby. For more information go to www.matrixreimprintingtelecourses.com

Matrix Birth Reimprinting

16th April 2011

This two day specialty workshop is presented by Sharon King, creator of the Matrix Birth Reimprinting and Matrix Life Purpose protocols, and is for Matrix Reimprinting practitioners who would like to expand on their knowledge of releasing the subconscious memories of our very early years and learn new techniques to facilitate healing for themselves and their clients.

Do you feel disconnected, low, depressed, separate or detached at times despite lots of tapping?

Or perhaps you have clients where you have worked with their conscious memories, but they still don't seem to make lots of progress.

Are you aware that many of these feelings can relate back to a difficult birth experience?

With Matrix Birth Reimprinting you can go back to the womb and reimprint your birth experience, which will change your energy levels, mood, and wellbeing in the present.

You can also learn to do the same for you clients.

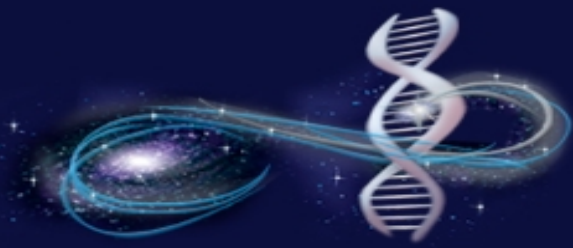

On day one we explore

- Our birth stories and how they affect our lives today. Conception, our time in the womb, our birth and the first 6 years are such a critical time and we look at how our belief system are formed during this time;
- The science behind the importance of natural birth and mother child bonding;
- The traumas of adoption, loss of a child, infertility, pregnancy, traumatic childbirth memories and so on

On the course you will learn how to release these traumas and create a whole new birth experience. EFT and Matrix Reimprinting practitioners who are already using this technique are clearing issues with clients much faster and with amazing results.

I wanted to say a belated thank you for a wonderfully inspiring talk and demonstration you gave at the April Supervision day in Studley! Having studied your notes extensively I was presented with an opportunity to work this way yesterday... oh my word, it was wonderful how well and how quickly it worked! Thank you so much for enabling me to have this knowledge - I cannot wait to do it again!

Matrix Life Purpose

17th April 2011

On day two we explore

- Soul reconnection
- Clearing family and ancestral fields
- Finding our true Life Purpose
- Past Lives and the effect they have on our current lives

Whether you or not you believe in 'past life' experiences, it is well understood that we come into this world with more than just our genetic potential, with our soul's purpose. Dysfunctions in families continue from one generation to the next, on and on, until someone breaks the cycle. When the cycle is broken it is much easier for a soul/person to express their full potential. Using Matrix Reimprinting we can identify the pattern at the start and release it.
